BY

APV ENGINEERED COATINGS

As part of our on-going commitment to you – our customer – **AKRON PAINT AND VARNISH, INC., doing business as APV ENGINEERED COATINGS** (“APV”) is pleased to provide you this 15 year limited warranty against Fading as described below (the “Limited Warranty”).

LIMITED WARRANTY

Subject to the terms of this Limited Warranty, APV warrants to (i) the original purchaser of its NeverFade paint products (the “Products”), or (ii) if purchased by a contractor, to the owner of the item or structure at the time the Products are originally applied ((i) and (ii) collectively the “Original Purchaser”), and (iii) to any subsequent owner of the item or structure to which the Products are originally applied (a “Subsequent Purchaser” and collectively with the Original Purchaser, the “Purchaser”), that its Products will not Fade for the duration of this Limited Warranty. Subject to the conditions and limitations set forth below, APV shall, upon proof of purchase, provide the Purchaser replacement Products in sufficient quantity to repair the Faded Products and shall arrange and pay for all labor and costs necessary to repair the Faded Products; *provided, however*, APV shall not be responsible for any labor or costs to repair damage to any structure, item, surface or substrate to which the Products were applied, however caused, unless such damage was caused, in APV’s sole and absolute discretion, by the Fading of the Products. If, in APV’s sole and absolute discretion, APV is unable to repair and/or replace the Faded Products, or repair and/or replacement of the Faded Products are commercially impracticable, APV shall refund to the Purchaser the original purchase price of the Products.

This Limited Warranty covers only the Fading of the Products, and no other defects or conditions. This Limited Warranty does not cover any Fading to the Products that results from blistering, peeling, cracking, chipping, improper installation, improper surface preparation, damaged or weathered substrate, accident, abuse, misuse, natural disaster, exposure to chemicals, exposure to excessive heat, and/or abnormal environmental conditions.

This Limited Warranty shall be null and void and of no force or effect if the Products are: (i) altered or modified, (ii) handled or stored improperly, (iii) applied after the shelf life as listed on the Products’ Product Data Sheet and/or labels, (iv) not applied by a professional contractor approved by APV, (v) color selections that are outside colors available using complex inorganic pigments, (vi) not installed or applied in compliance with the application instructions provided by APV, and/or (vii) resold by the Original Purchaser not in connection with the sale of the item or structure to which they were originally applied (each an “Event of Default”).

ELIGIBILITY

This Limited Warranty applies only to the Purchaser of the Products and only if the Products are purchased from APV authorized distributors and/or resellers, or directly from APV.

FADE, FADED AND FADING DEFINED

As used herein, “Fade”, “Faded” and “Fading” mean the color difference in the Products at the time of the Purchaser’s warranty claim is, in APV’s sole and absolute discretion, more than five (5) units from the Products’ color per APV’s color chart, and/or as originally applied to the surface in question, as measured using the International Commission on Illumination’s Delta E 1976 calculation (i.e. difference > 5.0 ΔE 76).

DURATION OF LIMITED WARRANTY

Except as may be further limited herein, this Limited Warranty shall be effective for a period of fifteen (15) years, commencing on the date the Products were purchased by the Original Purchaser of the Products and continuing to the fifteenth (15th) anniversary of such date. Notwithstanding the foregoing, this Limited Warranty shall terminate and be of no further force and effect upon the occurrence of an Event of Default hereunder.
