

BUILDING RENEWAL™ NEVERFADE®

FACT SHEET

BUILDING RENEWAL™ NEVERFADE® Exterior Coatings with KYNAR AQUATEC® PVDF resin are exceptional performance coating systems for architectural use. *Building Renewal NeverFade* is proven to significantly extend the life of industrial and commercial building materials for over 20 years.

- AMPP™ SSPC Paint 47 Standard
- 15 Year Limited Warranty
- UV resistant
- Provides mildew resistant coating
- Chalking/fading resistant
- Withstands abrasion
- Minimal film erosion
- Resists dirt pick-up

ABOUT THE CHEMISTRY

The heart of the KYNAR® PVDF emulsion technology is the carbon-fluorine (C-F) bond, which is the key ingredient in *Building Renewal NeverFade* formulations. The C-F bond is one of the strongest bonds known and it is the basis for extreme weatherability, withstanding harsh thermal, chemical pollution, and ultraviolet environmental conditions.

INTENDED FOR USE ON

Building Renewal NeverFade Original: Primed Wood, Stucco, Vinyl, Masonry, Concrete, Fiber Cement and EIFS.

Building Renewal NeverFade Metal Restoration: Primed Steel, Aluminum, Galvanized, Galvalume and Coil Coated Metals.

CUSTOM COLORS

Custom color matched to order.
Standard colors are available in mica or solid option.
